LIONS OF I 3 OH 2

ITS GREAT TO BE A LION ITS FUN TO BE A LION

I can't believe how fast this year has gone. I will start by thanking everyone who came to this years convention! It went as smoothly as we could have imagined with a few small glitches of course.

A major thank you to my convention chair Darlene Schuck and her P.I.S. Kenny, convention advisor Brent, and my lovely wife Tresa for all of the hours they put in to help things go so well they are truly amazing people.

A few convention highlights were the upbeat speech by ID Pat and her husband Kevin's talk as well. We were honored to have Past International President Jim Coffey and his wife Betty attending, they presented a Jim Coffey award which was for the District membership contest won BY THE SLIMEST of margins by the OAK HARBOR Club, their deserving choice will be presented soon, Jim and Betty also awarded 3 Betty Coffey awards to very deserving Lions

For the first time at least since I've been around we recognized 8 very deserving Lions as LIONS OF THE YEAR for their Zone. Lion of the Year for the District was awarded to Melody Barnes of the Ashland Noon Lions.

Lion Tresa and myself are most of the way through convention season now we have only District 6, State and International conventions in Vegas left this year, as fun as its been we are ready for convention season to be done.

We have made real progress toward our 20/20 goals reaching the vision screening part with more clubs doing more screenings than ever. While our membership numbers are not where we want them we are building momentum. I still feel this goal is reachable. We still have a few months left, let's keep the ball rolling and I hope to see you somewhere soon.

Please let me know how we can best serve YOU---DG GREG

1st V DGE Keith

Fellow Lions:

Thanks for the successful Lions year and for helping DG Greg have a great year and a great Convention. Thanks, too, to all Lions and spouses and others who attended the OH2 Convention—just think of how much sharing we all did and how many new friends and continuing friends made a difference in achieving the Lions goals.

ID Patricia Vannett and her spouse provided powerful messages and encouragements to all at the Convention as did the presenters in the break-out sessions.

Now, we are winding down the year and gearing up for the new year. Lion Connie Sue and I look forward to beginning the 2018-2019 year with visitations and conventions in District 13 OH2. See you soon.

VDG-E Keith Kaufman

Under International President Naresh Aggarwal this year we are celebrating the “POWER OF WE”. What a fantastic way to express our ability as Lions to serve. As a club, district, multiple district, and as an organization we have a greater capacity for helping our communities when WE work together.

For the next couple of years International has also re-centered the focus on our motto “WE SERVE”. Again WE is the key. WE as a group bring more strength for the heavy lifting, WE bring more combined time, and WE bring the potential for raising more money. As individuals we can have a tremendous impact on our communities, but that impact is still limited, together as an organization WE can have an almost unlimited impact. Each and everyone of us became a Lion to serve our fellow man, as we begin the second century of Lionism let’s recommit ourselves to that service.

Although the power of accomplish is tremendous in WE, the potential to use WE as an excuse for the lack of accomplishments is also great. Sometimes as individuals we hide behind the WE. Statements like “We never got the project started”, or “We were not successful in recruiting new members”, are attempts to shift the blame for our individual lack of effort to the group. It is easy in a group setting to rely on others to take the initiative, to make the first move, to decide the course that is to be taken, and in the end when accomplishments are not attained it is we that failed.

As individuals we need to take responsibility for the direction of our club and it’s success or lack of it. I recently heard International Director Joyce Middleton put it into a sentence of ten simple words with only twenty letters that I believe describes it as well as I have ever heard, she said “If it is to be, it is up to me.”. We can accomplish a lot more together, however, we must each commit to putting forth are best efforts to make it happen.

“ If it is to be, it is up to me.”

We each must play a role in our organization for it to be successful. We cannot rely on others to be the Committee Chairman, or the Club President. Even the need for pancake flippers can be high at times. Remember the reason you became a Lion, and remember that there is still needs to be met in our communities. Don’t expect others to accomplish the tasks at hand. Let us work together to improve our organization. We need every member to contribute. Every Lion needs to recruit new members, work as many projects as they are able, and help run our organization even if it means stepping beyond your comfort zone.

One of the best ways to improve our communities is to work at improving ourselves. Becoming a better speakers allows us to better explain our mission and work with others. Becoming better with our leadership skills allows us to better organize our community efforts; better leaders are also better followers, they understand the process better. Better informed and educated individuals make better citizens. Improve your skills, improve your world.

Make the most of your efforts, make the most of your time, make the most of your Lionism. Say WE SERVE with pride and the conviction of knowing that you are making a difference in your world.
