“Think Globally, Act Locally”

Volume 1 issue 1

July, 2020

Words from the Governor

Lions, we are off to the start of a very unique year. In the last few weeks, clubs have finally begun to meet again and to look for coronavirus-safe solutions to serving and fundraising. I want to extend a heart-felt thank-you to the Lions who served in 2019-2020. All the ways you worked to keep your club active and your club members safe and healthy during the coronavirus shutdown are a special part of the success of your year.

Congratulations to all of the incoming 2020-2021 officers! Thank-you to everyone who participated in the Zoom trainings or contacted me to get the information. We had over 120 Lions attend the four sessions. I hope to have the majority of club presidents and secretaries online for the MyLion and MyLCI Reporting Training on July 6th.

Now is the time to set goals for your club – what impact will you have? More than ever, our communities are in need of our service and ways to build connectedness. Our challenge is not just to meet these service needs, but to grow in the process. To build a climate where members look forward to club fellowship and feel satisfied in service well-done.

My theme for this year is *Think Globally, Act Locally*. Our motto is WE SERVE and in every facet of this year, I will push service to our local communities. *Act Locally*. Service is a member satisfaction tool but it also defines our organization. How does your community perceive the Lions? What do they see you doing? What about our service can draw them to want to serve with us? *Think Globally* is our mindset. While our hands serve the immediate needs of our communities, what are we doing to better the future? As Lions, our impact goes beyond the here and now; we have the ability to invest in the future. This may be donations to sponsor research for vision, diabetes or childhood cancer. It may be going into our schools or after school groups to educate and encourage healthy lifestyles, civic duty or recycling. It may be vision screenings to catch eye issues in three and four year-olds to get them corrective treatments. As you plan the year ahead, how are you serving both *locally* and *globally*?

To this end, I have three goals for our clubs to aim for. These goals will be printed in the front of this year's directory – thank-you Lion Dan! – so that clubs have a reference point all year.

1. **By the end of the 2020-2021 Lions year, 13 OH2 clubs will complete the “Blueprint for a Stronger Club” (for club growth and retention)**

Club presidents, your challenge is to complete the *Blueprint for a Stronger Club* with your membership and community. Based on the results of the surveys, set at least two goals aimed at improving or strengthening your club. I look forward to talking with you about your findings as I come around on my club visits.

2. **80% of clubs in our district will report service activities in at least 3 of the 5 areas of global service by March 1, 2021.**

Club secretaries and service chairpersons, your challenge is to aim for a service project or donation in all five of our global causes – **vision, hunger environment, diabetes awareness, and childhood cancer**. The club will earn a patch for completing three projects; the secretary will earn a Secretaries Challenge pin for reporting all five projects. Club members can step up and help the secretary report too! Check out the MyLion session on July 6th to find out how.

3. **By June 15, 2021, all 13 OH2 clubs will support LCIF’s *Campaign 100* through donations of at least \$250, either from the club or from individual members, or both.**

Club treasurers and directors, this may be the most challenging goal. Some clubs give this easily, some have to work harder to make the donation, especially with the

coronavirus affecting our fundraising. But as of June 25, 2020, LCIF awarded us \$10,000 in an emergency grant to provide testing and PPE for the areas of our district hardest hit by the coronavirus. We have *Community Impact Grants* that we can apply for and we have clubs organizing to use these funds. *This is our foundation*. It is one of the ways that we can think forward and make that global impact.

If you are focusing on the what-ifs and unknowns of our current situation – let’s work together to find solutions - to continue to grow our service and increase our impact. It may take some “out-of-the-box” thinking, but we can do it. Our zone chairs, district officers, cabinet, and fellow clubs are great resources when we feel stuck.

I look forward to the challenge of this year, because I know that I am working with a phenomenal group of leaders and club members that have always given me their very best. There is no question of our success if we set our sights and move forward together.

Lions of District 13 OH-2 are ROARING loudly and proudly! I have been impressed with the participation of fellow Lions in this year’s leadership training format. Lion Ann Miller and her Global Leadership Team have exhibited great flexibility and adjusted accordingly to the virtual meeting format. Lions who facilitated the training sessions were informative and provided opportunities for questions to be answered. Many thanks to those who presented and hosted this year’s leadership training via Zoom Meetings. Materials for each office holder were provided in folders through Google Drive and are at each Lion Leader’s fingertips. Please take advantage of the resources provided, but also in connecting with a fellow office holder in a nearby community.

As you are thinking about what your club’s service and projects will look like in a world with COVID-19, know that your creativity and ingenuity may lead your Lions Club down new pathways to serve. It is also a FANTASTIC OPPORTUNITY to recruit new members into Lionism. I was just talking the other day to a recent high school graduate who will be attending college nearby and living at her parents’ home. This individual had helped with a couple of our club’s

projects; I asked, "would you like to become a Savannah Lion?" Although the individual had not really thought about it, the invitation was being given serious consideration. Lions International is waiving the \$35.00 per member service fee now through December 31! I urge your club to conduct membership drives early (and often) in this first half of our club year!

As the new Lions year begins, I wanted to take a moment to acknowledge and recognize a stalwart organization to our District: the Mohawk Lioness Club. I had the honor and privilege of representing CC

Kenny and DG Kerry at the final Mohawk Lioness Meeting on June 16, along with Region A Chair Patty Moorman and Lion Bob Moorman. The Mohawk Lioness were chartered in 1980. For forty years, the women provided several projects that have benefitted the Sycamore and surrounding communities. Most famously, this organization was and is known for its donut sales. I was lucky to be seated with three of the four charter members of the club. Oh, the stories they shared on how they came up with the donut project, the Christmas parade and food baskets they made for community members and many other memories.

The Lioness Club concluded its service with two final ceremonies: inducting a new Lioness and awarding a Melvin Jones Fellowship to charter member Gloria Stewart.

Congratulations on 40 years of service Mohawk Lioness'.

Lions International is sunseting the Lioness program as of June 30, 2021. The Mohawk Lioness' determined to establish its own service organization, the Mohawk Community Service Club. Although they are departing from Lionism, the MCSC will continue its efforts in serving their community. We wish them well!

In June, I conducted officer installation ceremonies for the Hayesville, Mansfield United and Savannah

Lions clubs. My monthly visitation schedule will be shared in the newsletter; club presidents were emailed my Lions calendar last month.

I am also piloting a Liberty Day project this year with an interested club(s) in each zone of District OH-2. Feel free to contact me if you have questions about Liberty Day or interest in participating.

I am also responsible for presiding at the District Necrology Service, which is held on Sunday morning at the District OH-2 Convention in March, 2021. The service will recognize those Lions Eternal from both the 2019-2020 and 2020-2021 club years. The Necrology form is available on the District OH-2 website for your club to complete and to recognize your departed club member at the service. Please complete and return to either my home address or electronically (preferred communication). Thank you for your dedication and commitment to serving others through Lions Clubs. You are Internationally Known, yet Locally Grown to Serve. We have a unique opportunity to use the North American Membership Initiative (NAMI) to assess our club's impact upon our community, use that club quality assessment grow your members to make lighter work of your service to others and strengthen your community as a whole. Do not hesitate to contact me for assistance in your mission To Serve!

Best wishes to you all for a successful year!

UPPER SANDUSKY LIONS

Living Well *with Diabetes*

July 2020

Welcome to our Global Cause – Diabetes

Over the course of this Lions year, we are going to feature information and tips for living with diabetes. In 2017, Lions Club International partnered with the International Diabetes Federation, to bring the hands and resources of its members to help with what is snowballing into a diabetes

epidemic. More and more, we have children adapting to life with type 1 and type 2 diabetes, and adults at every age coping with the damage and danger of it. As Lions, we want to learn to live better with diabetes – for ourselves and for our family members. And we also want to do what we can to reverse the growing trend of this disease, so that our children, grandchildren and our communities can live better.

So, some facts to kick this off. Did you know that:

- More than 34 million people in the United States have diabetes, and 1 in 5 of them don't know they have it.
- More than 88 million US adults (out of 308 million)—nearly 30%—have [prediabetes](#), and more than 80% of them don't know they have it.

- **Diabetes is the 7th leading cause of death in the United States** (and may be underreported).
- [Type 2 diabetes](#) accounts for approximately 90% to 95% of all diagnosed cases of diabetes; [type 1 diabetes](#) accounts for approximately 5-10%.
- Globally, the number of people with diabetes has risen from 108 million in 1980 to 422 million in 2014 – an increase of nearly 300%. In

the US alone, our percentage has doubled since 2000.

- Diabetes prevalence has been rising more rapidly in middle- and low-income countries.
- Diabetes is a major cause of blindness, kidney failure, heart attacks, stroke and lower limb amputation.
- Globally, in 2016, an estimated 1.6 million deaths were directly caused by diabetes. Another 2.2 million deaths were attributable to high blood glucose.

Watch this segment over the coming months for more information, tips and articles. Our Diabetes Chairperson, Margaret Lin will also include quarterly articles with ideas and ways we can improve our lives and our communities.

Words from the District LCIF Coordinator

I wish to congratulate the Fostoria Lions Club for donating \$1100 to LCIF. The club has eleven (11) members and each member donated \$100 each to be 100 percent club again. With their donation our District has donated \$41,844 to LCIF. No other district has raised that much. Our clubs and member should be very proud.

LCIF Coordinator, PDG Carolyn

Inspiring *VISION* in our Communities

Crawford County Low Vision Project

The Crawford County Low Vision Project provided help to a resident of Galion who went blind recently. He was referred to the National Foundation of the Blind. They have an application under Products and Services on their website for obtaining a free white cane. There is

information on measuring for the size of the cane and also information on how to use a white cane.

In January of 2019 it became possible to get a white cane through Medicaid also as durable medical equipment.

There is information on-line for using a white cane but since neither this man nor his caregiver have Internet access, a printout of information was mailed to his caregiver. If he is able to travel for training later, he could obtain training at the Cleveland Sight Center.

People residing in counties on the

northwest side of our district can obtain help at the Sight Center of Northwest Ohio.

Club News Past, Present and to come

Bucyrus Lions

The Bucyrus Lions Club suspended meetings in March due to the Coronavirus pandemic; however the club "met" via email to consider community donations. In April, a donation was made to the Bucyrus Salvation Army for its Children's Feeding Program. Additionally, money was donated to a local church to assist their soup kitchen. In May another donation was made to the Salvation Army.

A special donation was made to The Crawford County Council on Aging for their Sunshine Bags Project. This was to provide personal necessities, snacks, puzzles and games to housebound seniors during the pandemic.

Finally, the club collected eyeglasses. These await transport to the Lion's sorting center at Pandora by Lion Dr. Christina Fox.

The club hopes to resume meetings again in September after its usual summer hiatus.

Perrysville Lions Club

June 17 was the first person to person meeting we have held since March. It was great to be able to see everyone again. All members were present at this meeting. With masks and social distancing at times it was hard to hear everyone but it was a great meeting.

PDG Dana Zody installed all officers for the coming year.

Plans were made for holding our first luncheon for the year. It will be Sunday July 12 11:00-1:00 like normal but it will be Carry Out Only.

We are hopeful that things will get back to normal of us and all Lions in the near future.

ASHLAND EVENING LIONS CLUB

Complete with social distancing and masks the Ashland Evening Lions installed officers, passed out awards, and held a mini-board meeting on June 18 all in 50 minutes! Incoming Gov. Kerry Parker did the honors by having each officer present stand in place and affirm duties of the office. Visiting with her was PCC Sharon Parker.

OH2 awards were noted for Governors Excellence, Service, and Humanity and 1st place in newsletter contest for clubs of our size. Lion Ron Hofer was honored as Zone 7 Lion of the Year. Lions Ann Miller and Tim Kershner received "Living to Serve" awards.

The club presented OLERF awards to Lions Nancy Meyers and Clint Haught. Voted by the membership as club Lion of the Year was Lion Ann Miller. Lion Ann then presented several personal awards to members for their special help.

During the board meeting our three scholarship winners were announced and needed business covered.

Outgoing president Lion Ann Miller handed the gavel to incoming president PCC Forrest Conrad to finish the meeting. We continue to reach out to one another through phone calls, emails, and Facebook.

Vermillion Lions

Due to the uncertainty from the Corona virus our Vermillion Lions club did not meet in June. Emails keep us up to date from our officers. Hopefully our meetings will start in July at our property.

We collected \$180.00 for our local Food Pantry.

Unfortunately this year there will be no annual Reverse Raffle.

And also the Vermillion Fish Festival has been canceled.

We are keeping our same officers for the Lion year of 2020-2021.

Have a very Safe Summer!

Sandusky Lions

Laps for Lions event in Sandusky

The Sandusky Lions Club hosted their annual Running Laps with Lions event in Sandusky's Lions Park on Friday, June 19, 2020. Only this year things were a bit different. This year, due to the COVID-19 pandemic, the event had to go virtual.

That didn't stop over 40 people from signing up and picking up their race shirts and medals in the park. Some even stayed to run their laps on the .47 mile pathway within the park. The race was part of the #RUNDUSKY Race Series in Sandusky that brings together nine races for the community to sign up for and win prizes. The event, through sponsorships and registrations, raised about \$1,000 for the club.

The Sandusky Lions Club will bring the race back on the first Sunday in May in 2021 and

hopefully can have a traditional event with a start and a finish and more than 100 participants.

Clyde Lions

Clyde Lions were finally able to conduct a regular meeting on June 1 meeting at Clyde Community Park.

We were all happy to once again meet in person and conduct business and socialize face to face. August

16th Clyde is once again hosting the District Golf Scramble at Green Hill Golf Course, Clyde. Big Dog at the turn along with the usual meal at the end of the day. See the attached form for all the information.

We also will be once again raffling a LARGE TV \$10.00 a ticket which will be available at the Scramble as well. Individuals and Clubs may sponsor a Hole for \$75 and information listed on the attached announcement also. The Golf Course is conducting social distancing and 25 carts are available for 2 person occupancy with a divider between for your convenience. Other practices will be announced the day of the event. Please consider joining us for this event and get acquainted once again with your fellow

Lions for a fun day.

Catch up with friends and enjoy a time of good food and good friends. Beverage will be provided.

The club also is planning to again watch the fair gates at the Seneca County Fair on Aug. 2. It is always fun to see familiar faces as we tend the gates. Our club is finalizing the orders for the Community Calendars that will be delivered in Aug.
