# “Team + Service = Success”

Volume 3 issue 6

December, 2022

So far, Ohio has reported: 521,822 people served and 64,913 hours of service and that is not the end! We need ALL clubs to report at least one service activity to continue the 100% reporting. That includes your LEO club as well. Their meetings count as a service activity.

LCIF contributions to be 100% district was one of my goals, and if I looked at the report correctly, we DID IT!! Over \$19,000 before the end of November!! Congratulations and THANK YOU everyone! Part of that money comes back to help the district in the form of grants.

Continue to grow your club with new members. We are at a plus 8 right now but have dropped 60 since July 1. Let's get at least 1 new member for all those we have dropped, remember Ask 1, Get 1, Keep 1??

Christmas and New Years are fast approaching. Did you realize that when you were out on Black Friday shopping that it was exactly one month till Christmas? A lot of clubs will not be meeting this month to conduct business, just parties. Did you get your contributions in to the Lions causes?

My schedule below is light. It picks up a little bit in 2023, but most of my visitations are done. If I need to reschedule your visit, please let me know as soon as possible. Hopefully the weather cooperates with me!

Merry Christmas and Happy New Year to you and your families!

DG Cindy

Hello District OH2 Lions, time  
sure is flying, time for the  
Newsletter again

#### **ASK ONE – GET ONE – KEEP ONE!!**

Membership is so extremely  
important; if we don't have  
members we can't exist.

I don't want to steal any  
thunder from the Membership  
team but it is up to all of us to  
work on membership. When I  
attended the Zone 4 meeting  
Zone chair Sarah Miller  
mentioned telling people why  
you are a Lion and a short  
Elevator Speech, below there is  
an example.

"Lions are men and women  
who make a difference –every  
day, everywhere. With more  
than 1.4 million members in  
over 200 countries or  
geographic areas, Lions aid the  
blind and visually impaired,  
assist youth, feed the hungry,

address global epidemics like  
diabetes, answer the call when  
disaster strikes, and make  
strong commitment to filling  
other community needs  
throughout the world."

Work on your Elevator  
Speech; make it factual,  
interesting, and fun.

I have enjoyed attending all  
the Zone Meetings and I wish to  
thank the 50/50 winners in  
Zones 1, 2, 4, 5, and 7 for  
donating their winnings to the  
OHIO State Blind Band. The  
total was \$193.00. Thank you  
so much. The Club reports  
were all filled with lots and lots  
of service projects. I am so  
proud of the clubs. You Lions  
truly know the meaning of the  
words "WE SERVE!"

Thank you for all you do.

Merry Christmas!!

#### **2nd VDG Patty**

In 1917 a businessman named  
Melvin Jones shared an idea to  
form the first ever organization  
of businessmen whose sole  
purpose would be working  
together to make their  
communities a better place to  
live, to help those who needed  
assistance. A name was chosen  
from one of the many business  
organizations that took the  
challenge, and the Association  
of Lions was founded. And as  
they say, the rest is history.  
Lions Clubs soon started  
popping up around the United  
States faster than a wildfire.  
Being a member of a Lion's  
Club was a privilege and maybe  
even a sign of status in the  
community. The roster for a  
club was usually a who's who  
in the community. Several  
years ago, I attended a charter  
night celebration for the  
Sycamore Lions. As part of the  
program, the roster for the  
charter members was read, and  
along with the names, the  
positions each member held in  
the community. As I  
remember, the list of Lions  
included almost every  
businessman such as -the  
postmaster, the grocery store  
owner, the hardware store  
owner, the barber, etc. It was  
one of those eye-opening  
moments for me as I listened to  
the roster and the long list of  
business owners/community  
leaders that were part of the  
club at its charter. As we all  
know, these days we struggle  
with membership in our clubs.  
We struggle to bring into our  
clubs the businessmen and  
community leaders. We  
struggle to keep our  
membership numbers even  
close to what they use to be.  
We struggle to get our members

to our meetings. And yet, there is just as much, if not more, work that needs done in our communities. There are just as many, if not more, families and kids that need our assistance. So how do we build up the passion for being a Lion again? What created that passion in those businessmen in 1917? Wouldn't you love to hear the speech that Melvin Jones gave to those businessmen that inspired them to form what would someday become the largest service organization in the World? Or maybe, we just need to remember that the largest service organization in the WORLD was formed because of the passion of one person. Because one person stepped up and presented an idea. You may remember that Helen Keller did the same thing at Cedar Point. One person

stood up and challenged a group of Lions to take on Vision. And look what happened with that suggestion. I challenge you to be that Person in your club, in your community. Stand up and propose a change, a project. Reach out and bring in those new members. Reach back and become a mentor for your newest members. Show them your passion for being a Lion. Show them the fellowship they will find as a club member. Tell them about the things you have seen and experienced as you have performed community service. Tell them about the vision testing, delivering meals, packing backpacks of food for children. Ask them what tugs at their heart and let them help plan a new project.

As always, I have enjoyed my visitations with Clubs over the past month. I have visited

with the LaGrange Lions, Sheffield Noon Lions, Old Fort Lions, North Fairfield Lions, Crestline Lions, and the Huron Lions. I also attended a Council of Governors Meeting and the District Cabinet Meeting. My schedule for December is to visit the Clyde Lions on December 5<sup>th</sup>, the Castalia Lions on December 6<sup>th</sup>. I will be attending Crestline Lions XMAS get together on December 13<sup>th</sup> and visiting with the Sandusky Lions on December 14<sup>th</sup>.

Have a Merry Christmas and thank you for the opportunity to serve

Lions Clubs International  
**FOUNDATION**

Our District received a check in the amount of \$3790.00 from the sale of the Christmas ornaments, which the money is to go to LCIF. CC Kevin and I talked how we would divide the money among the Clubs. It was decided to \$66.50 all 57 clubs to make our District a 100 percent for LCIF. This has been credited to all 57 clubs account. We are still asking that all members give \$5.00 each to LCIF. The clubs should still donate what they usual ly do to LCIF. As I have said before, President Sheehan is encouraging members to donate to LCIF.

The Ontario Lions Club is the only club in our District that all members donated \$5.00 each. Congratulation Ontario.

LCIF gave our District a goal of \$44,000.00. We are about half way there. Our District has always opened up our hearts and pockets to meet our goal.

LCIF has a program that gives districts 15 percent of their goals for grants. When we meet our goal we can receive \$6,600.00 grant money to use to help our communities with their needs. Members, remember LCIF donations do come back home.

## The Past District Governors Association met November 10 before the Cabinet meeting.

PDG Kenny gave a report on the Leadership Conference that was held in October. He said it went well but was hoping there was more in attendance.

The tent that the association purchased is here and clubs may use it at their events to promote Lionism, for membership drives and other events.

CC Kevin talked about the grant for hunger that Crestview/Savannah Club has applied for. Also the Polk Club applied for a \$5000.00 grant for hunger.

## Diabetes Medications

I am hoping that these diabetes articles that are shared through this Lion's Club newsletter are helpful!

Once diagnosed, diabetes is an ongoing (chronic) medical condition that requires the use of "self-management" tools to promote one's health, feel well and prevent and delay long-term complications associated with uncontrolled blood sugar levels. There are two main types of diabetes: Type 1 and Type 2. Both are complex medical conditions, have different causes and therefore require individualized treatment plans, yet share some of the same tools in management.

Type 1 diabetes is an autoimmune disease-causing destruction of the cells in the pancreas that produce insulin. Symptoms usually appear rather suddenly, including frequent urination, extreme thirst, weight loss, loss of energy, nausea, and vomiting. Insulin is required to help move glucose or sugar from our bloodstream into our cells. This glucose is the fuel for our cells. Without insulin, the glucose stays in the blood stream; therefore, our cells are without fuel which can lead to sudden onset of symptoms leading to profound dehydration, coma, and death. In Type 1 diabetes, because the pancreas is no longer able to produce its own insulin, insulin must come from an outside source and is either injected using a syringe, insulin pen or insulin pump. Treatment goal for Type 1 diabetes is to promote healthy blood glucose levels by balancing food intake, with special attention to carbohydrate foods, and a medically prescribed insulin plan. Balancing regular physical activity and exercise is important as well because activity tends to naturally lower blood glucose levels. Remember: Insulin is always necessary in the treatment of Type 1 diabetes because there is a lack of insulin being made by the pancreas. Ongoing medical monitoring and follow-up on a regular basis is essential.

Type 2 diabetes usually has a more gradual onset with minimal or no symptoms, can lead to a delay in diagnosis and treatment, and possibly onset of long-term complications due to undetected high blood sugar levels. We are more at risk for Type 2 diabetes today because of poor lifestyle habits including unhealthy eating, lack of physical activity and exercise. This can lead to being over a healthy body weight and obesity which creates insulin resistance. Insulin resistance can make the pancreas overproduce insulin early in the disease, followed by a gradual decrease in insulin production overtime. Eventually, >50% of persons living with Type 2 diabetes may need to use insulin for their treatment of Type 2 diabetes. However, there are other medications that can also be used in the treatment of Type 2 diabetes which include oral medications as well as non-insulin injectable medications. As stated earlier, diabetes is complex. The processes that promote healthy blood sugar levels require work from many organs including the pancreas, the stomach and intestines, the kidneys, and the liver. The non-insulin medications that may be prescribed in the treatment plan of Type 2 diabetes will target one or more of these processes and organs. Use of one or more of these medications are another tool in the diabetes treatment toolbox that can promote healthy blood glucose levels. Due to the progressive nature of Type 2 diabetes, a person's individualized medication treatment plan may change over a person's life; therefore, as in Type 1 diabetes, ongoing medical monitoring and follow up on a regular basis is essential.

In addition, a person living with diabetes may also experience other medical conditions such as high blood pressure, heart conditions, and abnormal cholesterol and triglyceride levels which require treatment with medications.

There are challenges that come with taking medications. I encourage you to connect to the Association of Diabetes Care and Education Specialists: [https://www.diabeteseducator.org/living-with-diabetes/Tools-and-Resources/taking\\_medication](https://www.diabeteseducator.org/living-with-diabetes/Tools-and-Resources/taking_medication)

Here you will find valuable information to help you understand your medications, your medication plan and take your medications correctly so they work effectively for you to promote healthy blood glucose levels, to help you feel your best, promote your overall health and wellness in the years to come by preventing the long-

term complications associated with both Type 1 and Type 2 Diabetes. You play the most important role in the day-to-day management of your diabetes. A certified diabetes education program is an extremely valuable resource to help you utilize all the tools of diabetes self-management and you can connect to one with a referral from your medical provider. The following link will help you identify the location of one near you!

## Lions Clubs and Incorporating

It is strongly recommended that all Lions Clubs incorporate. Doing so helps protect individual club member in lawsuits against the club. Liability would be limited to the capital or assets of the club. Checking to ensure your club's incorporation status is current is the single most important item a board can do to protect its members. There is a search engine on the Ohio Secretary of State's website.

Incorporating as a non-profit corporation is handled by the Ohio Secretary of State. The cost to file the Initial Articles of Incorporation is \$99. Once incorporated, the Secretary of State issues a **Statement of Continued Existence** every five years to the Statutory Agent (any Lion so named in the Initial Articles of Incorporation). There is a \$25.00 fee to file this form once every five years. Failure to file such a statement will result in the cancellation of the corporation. There is also a special form called the Statutory Agent Update to change the appointment of the statutory agent or to change the mailing address of the current agent. There is a \$25.00 fee to file this form.

After the club votes to incorporate for the first time, there are 4 simple steps to take:

**1. Obtain the required form** from the Secretary of States' website: [www.sos.state.oh.us](http://www.sos.state.oh.us). Search for "Filing forms fee schedule." Under "domestic nonprofit corporations", download the PDF version of "Initial Articles of Incorporation. Nonprofit, Domestic Corporation." It will be form 532B. Print this out, do not file on-line.

**2. Fill the form out.** Skip the Effective Date. The corporation will begin when the form is filed. Have 3 officers sign the form. Assign a statutory agent. This is the person who will receive the renewals 5 years later. This may be one of the signing officers if you wish. In the purpose of the corporation box, write "see attached" and attach:

The (**fill in name of your club**) Lions Club is chartered by and under the supervision of The International Association of Lions Clubs of Oak Brook, Illinois, and is governed by the Constitution and Bylaws of said

Association. The specific purposes for which this corporation is organized are:

- A. To create and foster a spirit of understanding among the people of the world.
- B. To promote the principles of good government and good citizenship.
- C. To take an active interest in the civic, cultural, social, and moral welfare of the community.
- D. To unite the members in the bonds of friendship, good fellowship and mutual understanding.
- E. To provide a forum for the open discussion of all matters of public interest; provided, however, that partisan politics and sectarian religion shall not be debated by club members.
- F. To encourage service-minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works, and private endeavors.
- G. Generally, to carry out at (fill **in name of your community**), the principles and teachings of the International Association of Lions Clubs, a service club organization with whom the (**fill in name of your club**) Lions Club is affiliated.

3. **Send a copy** to the Legal Department of Lions Club International by fax 1-(630) 571-8890 or email (legal @lionsclubs.org) and wait for approval.

4. **Submit the form.** After receiving your approval from Lions Clubs International, mail your form and \$99 check to the Secretary of State address on the form.

## OH 2 District Peace Poster Winner

The official judging took place Sunday November 27, 2022 for the District level winner of the Lions International Peace Poster contest.. OH 2 Governor Cindy Beat and District PP Chair Jim Pickering gathered at the Attica Lions meeting room and met with Anne Fry, retired art teacher from Seneca East Schools. Anne taught for 35 years grades 7-12. We had a very disappointing return of Peace Posters this year, with only 6 clubs participating. Okay, the winner this year was Bella Yessler from the Bellevue Middle School. That means that the Bellevue Lions Club had another winner. The other clubs participating were Col. Crawford – Meadow Achberger. Madison Twp. – Layla Cushard, Amherst Lions – Emily Vitelli and Old Fort Lions –Kailey Haug. A big thank you to these clubs for their participation. Our OH 2 winning poster now goes on to state level judging and all entries will be on display at the OH 2 District Convention in March 2023 at Mansfield. **DON'T FORGET THE NEW THEME COMES OUT THE MIDDLE OF JANUARY 2023**, so lets start working at that time to get something started either at school, home schools, private schools or any group with kids 11-13 year olds that like to draw.

## Club News Past, Present and to come

### Ashland Evening Lions

Chris Box from Associated Charities presented an overview of her organization at our Nov 3 meeting.

We were represented at the OH2 Cabinet meeting and the Zone 7 advisory meeting this

month.

Sandy Enderby reported on the background and services offered by the Council on Aging on Nov. 17.

As our diabetes moment, we talked about members and extended family with diabetes

and he need to be vigilant in watching for warning signs.

The Club will be ringing bells for the Salvation Army on four Fridays between Thanksgiving and Christmas. We are a major sponsor of the Ashland Christmas Parade being held this year on Dec 3; and we

also provide some crowd control and support for the judges.

Through

Associated Charities we donated money and non-perishables for Thanksgiving; and we have adopted a child to support for Christmas. The poinsettia sale is winding to a finish. Orders deliver on Dec 2 and Dec 9. Several other clubs are having their poinsettias delivered with ours on both dates.

## Bascom Lions

We are currently in the middle of our annual gun raffle while also helping out the Hopewell Loudon Seniors with another gun raffle. Donations for the month included money to the Bascom United Methodist Church to help out with their efforts to help people in need. We finished out the month by hosting the Zone 2 meeting on November 18<sup>th</sup>.

For December we will start out the month with our Annual Bascom Community Memory Tree Lighting Ceremony. The tree is in honor and memory of loved ones. The event will take place at Bascom Communications on December 4<sup>th</sup>. We will finish out the month on December 20th with our annual Christmas party with spouses being invited and entertainment provide by the Hopewell Loudon Traveling Ensemble.

## Bellville Lions Club

The Bellville Lions club met on November 17 for their monthly meeting and to honor three of our members. We were honored by Governor

Cindy and Lion Bob Swartzmiller attending the meeting.

Our three members were Lions Ron Shinabaker with 54 years, Paul Snyder with 52 years and Clyde Bowman with 69 years of service. Together they have 175 years as Lions. They have so much knowledge and advice for our members. All three have received the Melvin Jones honor for their outstanding service to their community.

The Club is continuing to sell poinsettias for the District, as well as a fund raising for the club.

The Club has furnished Thanksgiving meal for a family of seven.

We will be serving free hot dogs at the Bellville Christmas Parade on December 3. The club has been doing this for the past four years.

## Bellevue Lions Club

Bellevue Lions has two of these banners posted around town as our part to be aware of diabetes in the month of November.

## Bucyrus Lions Club

The Bucyrus Lions Club recently had a speaker from Bucyrus Outreach and Restoration Network that helps people in Crawford County with emergency needs and connects them to education, training and other help available to improve their situation.

The Club approved the same amounts as last year for the state projects. The club members also agreed to bring in new winter hats and mittens for the Bucyrus elementary school students. Several bags of items were brought in for people needing emergency food and hygiene items that will be given out by B.O.R.N.

The club members voted to give a donation to the Salvation Army and to the Council on Aging for their Holiday Gift Tree that provides specific gifts for the elderly. The club is providing meals for the December holiday party at the Council on Aging.

This parade is a once-in-a-lifetime opportunity for our visually impaired students and we want to make it a GRRREAT experience for them.
